RE: Ex Parte – CC Docket 96-98
In Matter of the Local Competition
Provisions in the Telecommunications Act of 1996

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

Dear Ms. Salas:

On Wednesday, August 4, 1999, Frank Ianna, Lew Chakrin, Len Cali, of AT&T and I met with Commissioner Harold Furchtgott-Roth and Legal Assistant Bill Bailey. During the meeting, AT&T discussed its current plans for providing local telecommunications service throughout the United States and the entry vehicles that must be available for AT&T to provide such service. Specifically, AT&T described its continuing need for the Unbundled Network Element platform, notwithstanding its plans to deploy cable telephony, offer fixed wireless services, and use AT&T switches with unbundled loops. The positions taken by AT&T during this meeting are reflected in its filings in this proceeding.

Additionally, AT&T presented a map of New York state depicting deployment plans and schedules which constitute confidential information subject to the Protective Order issued in this proceeding on August 5, 1999, and is being filed with the Secretary of the Commission under separate cover. Those parties who would like to make arrangements to view this confidential information pursuant to the terms of the Protective Order entered in this proceeding should contact Michael Hunseder of Sidley & Austin, 1722 I Street NW, Washington, DC 20006, (202) 736-8236.

Two copies of this Notice are being submitted to the Secretary of the FCC in accordance with Section 1.1206(b)(2) of the Commission's rules.

Sincerely,

Albert M. Lewis
